## UCoustic 7250 Wall Mount Soundproof IT Cabinet

### Overview

The UCoustic™ 7250 Acoustic wall mounted quiet rack mount cabinet is an innovative solution to noisy switches and routers. When you need quiet... The UCoustic 7250 Series Soundproof Quiet Wall Mount Rack removes up to 15dB(A) of sound, dissipates 1.6kW of heat, and mounts to your wall. Less noise allows you to concentrate better, speak without raising your voice, and be clearly heard over the telephone by customers and colleagues.
